OUR MISSION

412 Food Rescue prevents perfectly good food from entering the waste stream by redirecting it to those who are experiencing food insecurity.

ABOUT US

Founded as a direct response to the disconnect between food waste, hunger, and environmental sustainability, 412 Food Rescue brings perfectly good surplus food to individuals and families experiencing food insecurity. Volunteer Food Rescue Heroes transport this food from donors to nonprofit partners through our innovative mobile app – Food Rescue Hero.

412 Food Rescue is committed to pioneering solutions to scale food recovery. Our portfolio of initiatives ranges from building technology and logistics infrastructure to creating new markets for products that redirect good food from feeding landfills to feeding people.

"Despite major cuts to the federal SNAP program, our collaborative efforts have managed to effectively end hunger in our public housing...Since 412 Food Rescue has begun serving HACP communities on a regular basis, emergency referrals are now non-existent."

– Michelle Sandidge, Housing Authority of the City of Pittsburgh

OUR PROGRAMS

FOOD RECOVERY

412 Food Rescue mobilizes the largest network of volunteer drivers to recover fresh, healthy, viable food from businesses and transport it directly to community partners and households in order to reach food insecure populations.

GOOD FOOD PROJECT

The Good Food Project, nestled inside the Millvale Food + Energy Hub, stabilizes surplus food and transforms it into warm, prepared meals and freshly packed groceries while serving as a hub of community engagement and education.

UGLYCSA

Our UglyCSA creates new markets for previously unsellable produce while benefiting regional farmers and preserving the resources that went into food production. The program delivers fresh, seasonal produce to consumers for twelve weeks.

HIDDEN HARVEST

Volunteers pick fruits and vegetables from public and private trees, orchards, farms and gardens that would otherwise go to waste and redistributes to nonprofits that serve those who are food insecure.
